the**BigGive**

We can't wait for the Christmas Challenge which is now just around the corner.

Match funds will be released at 12pm (midday) GMT on 4th and 5th December. Online donations are matched on a first come, first served basis and your online donation will be matched, as long as there are match funds still available. As such, you should try to make your online donation as soon after midday on these two days as possible.

Our pledge pot is smaller this year so only early donors will get a match. However we are always pleased to receive donation of any kind.

Remember the maximum level of donation online for matching is £5000
